Dear The Federal Communications Commission,

Congratulations on your new appointment as Chairman of the FCC. In your new leadership role, I urge you to support the "Fair Share Plan" as a solution to current concerns with the Universal Service Fund (USF).

Under the flat fee or numbers-based plan you are considering, people like me who make few long distance calls would pay the same as people or businesses that make many calls. It is unfair to charge me, a low-volume and residential customer, the same fees as high-volume residential or business customers.

Please keep the USF fair and adopt the Fair Share Plan. I believe it is in everyone's best interest. Thank you, and best wishes in your new position.
